ENERGY CONSERVATION CODE**

MAKE AN OVERALL

DECISIONS AND RECOMMENDATIONS

A motion was made by Mark Eldredge and seconded by Dave Webster to approve the minutes from the August 4, 2009 meeting for the Mechanical Advisory Committee. The motion passed unanimously.

A motion was made by Cary Campbell and seconded by Scott Marsell to approve the minutes from the August 4, 2009 meeting for the Architectural Advisory Committee. The motion passed unanimously.

A motion was made by Cary Campbell and seconded by Harvey Boyd to approve the minutes from the July 7, 2009 meeting for the Architectural Advisory Committee. The motion passed unanimously.

Gilbert Gonzales gave a review of the three ad hoc meeting that have been held in connection with the 2009 IECC. William Chatwin passed out a cost comparison for the 2009 International Energy Conservation Code which complied all of the information discussed at previous meetings.

Paulette McGhie passed out a builder cost analysis for going from the 2006 code to the 2009 code and explained how the information in the report was obtained.

Following the discussion by all present on the information

RECOMMENDATION FOR THE 2009 IECC
AND THE ENERGY PORTION OF THE IRC

passed out, Scott Marsell made a motion for the Architectural Advisory Committee to make a recommendation to stay with the 2006 IRC Chapter 11, energy portion of the IRC and adopt the 2009 IECC for commercial. There should be further study done on the cost of going to the 2009 IRC Chapter 11, energy portion and then come back with a recommendation to the Commission no later than June 30, 2010. The motion was seconded by Cary Campbell. During the discussion on the motion, it was amended to say, stay with the energy portion of the 2006 IRC together with Chapter 4 of the 2006 IECC for one- and two-family dwellings. The second agreed with the modification and the motion passed unanimously.

A motion was made by Ray Moore for the Mechanical Advisory Committee and seconded by Clark Peterson to approve the same modified motion. The motion passed unanimously.

The ad hoc committees will continue to meet and gather information on a cost analysis for going from the 2006 IRC energy provisions to the 2009 IRC energy provisions. The final recommendation is due by June 30, 2010.

At this point, the Architectural Advisory Committee adjourned at 3:25.

REVIEW 2009 IRC

- M1411.6 Locking Type Caps

The committee reviewed this section again. They also reviewed the same requirement in the IMC Section 1101.10. A motion was made by Ray Moore to delete the IMC Section 1101.10 and IRC Section M1411.6. The motion was seconded by Mark Eldredge. The motion passed with a vote of three in favor and David Webster and Clark Peterson voting in opposition.

- M1502.4.4.1 Specified Length

The committee reviewed this section. A motion was made by Ray Moore to change 25 feet to 35 feet. The motion was seconded by Mark Eldredge and passed unanimously.

- M1503.4 Makeup air required

Following a review of this section, a motion was made by

Ray Moore that a review of this section was made and the committee feels that this is a good requirement and recommend that the requirement stay. The motion was seconded by Mark Eldredge and passed unanimously.

ADJOURN: The meeting adjourned at 3:35.

Note: These minutes are not intended to be a verbatim transcript but are intended to record the significant features of the business conducted in this meeting. Discussed items are not necessarily shown in the chronological order they occurred.
